

**REMARKS**

It is believed that these amended claims will restrict the claims to a single invention, i.e. the grain moisture meter of Claim 1. The subject matter of Claims 4-7 are is now completely subordinated to the grain moisture meter of Claim 1. Claim 8 relates now to a method of determining density and moisture content of grains using a test cell which measures the dielectric constant as specified in the apparatus of Claim 1. The invention of Claims 1-7 is elected with traverse.

No additional fees beyond the extension fees are believed to be due at this time.

However, if necessary to effect a timely response, the Commissioner is authorised to deduct the necessary fees from Deposit account No. 501249.
